Grow

This Lent, we offer you an opportunity to break out of the familiar through viewing a series of films with transformational themes. No need to leave home! Films will be screened on Zoom. As time permits, there may be opportunity for discussion after the movie.

+ + + + +

When God calls us, it is always to larger life. But to inhabit that larger life, we usually have let go of some of the outward forms which contain our lives. They are simply too small, too constricting. What we have grown familiar with is simply too narrow, too constraining, and we need to let it go.
